The Void

So tell me
What were your intentions some time ago
When you spent the night with me
And tell me
Did it make you feel good
I need to know if it felt alright with me

I shied away again and again
When I couldn't cope with pain
I thought we'd be forever friends
Have my efforts been in vain

Desperately trying not to fall into the void
It seems our love has been destroyed
And, yes, I am definitely crying
Now the nightmare has come true
But, baby, I want to be with you

So tell me
What about the impact it had on us
We have played a dangerous game
I don't know
How to make you happy
I realize things will never be the same

Does it occur to you, my friend
We were trapped inside a cage
For months I have expected the end
Will our love turn into rage

Because it's so hard
To admit it might be wrong
Yet I must try
The love in me is burning still
And burning strong
I can't deny

Desperately trying not to fall into the void
It seems our love has been destroyed
And, yes, I am definitely crying
Now the nightmare has come true
But, baby, I want to be with you

I don't want to live without you
How can I bear a life without you

So listen
I don't want to force you
But tell me if we can be together some day
I guess it's
All a bit confusing
But if you do try and help me find a way

But even though I really care
I'm not sure if it's enough
Yet I know there is something there
Is it everlasting love

Each night I cry
Desperately trying not to fall
I can't deny
Baby, I expected you to call

Your smile so bright
Definitely crying over you
It felt so right
Baby, tell me, why do I feel blue

Because there's something burning
Deep inside my heart
I can't deny
The insecurity
Is tearing me apart
Each night I cry

Desperately trying not to fall into the void
It seems our love has been destroyed
And, yes, I am definitely crying
Now the nightmare has come true
But, baby, I want to be with you

It's so hard to live without you
I can't bear a life without you
See me fall into the void
I've been destroyed
So hard to live without you, my love
